- 1 [A security policy system for mobile autonomic networks](#)  
Mohamad Aljindi, Jean Leneutre  
October 2007 *Autonomics '07: Proceedings of the 1st international conference on computing and communication systems*  
Publisher: ICST (Institute for Computer Sciences, Social-Informatics and Telecomm)  
Full text available: [Pdf](#) (226.41 KB) Additional Information: full citation, abstract, refs  
Bibliometrics: Downloads (6 Weeks): 28, Downloads (12 Months): 130, Citation

An autonomic security system is indispensable for the operation of an a Policies are basic stones in building autonomic systems. In this paper, w mobile autonomic networks. Accordingly, we propose a security framew

Keywords: ad-hoc networks, autonomic computing, autonomic network security policy management

- 2 [Certificate Management Messages over CMS](#)  
M. Myers, X. Liu, J. Schaad, J. Weinstein  
April 2000 *Certificate Management Messages over CMS*  
Publisher: RFC Editor  
Full text available: [Pdf](#) (103.36 KB) Additional Information: full citation, abstract  
Bibliometrics: Downloads (6 Weeks): 0, Downloads (12 Months): 0, Citation C

This document defines a Certificate Management protocol using CMS (C addresses two immediate needs within the Internet PKI community:

- 3 [Trust management services in relational databases](#)  
Sabrina De Capitani di Vimercati, Sushil Jajodia, Stefano Paraboschi, Piera March 2007 *ASI ACCS '07: Proceedings of the 2nd ACM symposium on Info communications security*  
Publisher: ACM  
Full text available: [Pdf](#) (284.04 KB) Additional Information: full citation, abstract, refs  
Bibliometrics: Downloads (6 Weeks): 16, Downloads (12 Months): 144, Citation

Trust management represents today a promising approach for supportin environments. While several approaches have been proposed for trust n significant steps have been made in this direction, a major obstacle that

**Keywords:** access control, credentials, relational DBMS, trust

4 Role-based access management for ad-hoc collaborative sharing

 Jing Jin, Gali-Joon Ahn

June 2006 SACMAT '06: Proceedings of the eleventh ACM symposium on ... and technologies

Publisher: ACM

Full text available:  Pdf (839.88 KB) Additional Information: full citation, abstract, ref

Bibliometrics: Downloads (6 Weeks): 10, Downloads (12 Months): 139, Citatio

Under scientific collaborations, resource sharing tends to be highly dyne  
The dynamic characteristics and sharing patterns of ad-hoc collaborativ  
for comprehensive and flexible approaches to reflect and cope ...

**Keywords:** XACML-based policy framework, access control, ad-hoc coll  
sharing

5 Towards the development of privacy-aware systems

February 2009 Information and Software Technology , Volume 51 Issue 2

Publisher: Butterworth-Heinemann

Additional Information: full citation, abstract, references

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citatio

Privacy and data protection are pivotal issues in nowadays society. They  
prevent the dissemination of sensitive or confidential information of indi  
have been proposed on this topic from various perspectives, ...

**Keywords:** Privacy policy, Privacy-Aware Access Control, Privacy-relate  
Requirements Engineering

6 AAA Authorization Application Examples

J. Vollbrecht, P. Calhoun, S. Farrell, L. Gommans, G. Gross, B. de Bruijn, C  
Spence

August 2000 AAA Authorization Application Examples

Publisher: RFC Editor

Full text available:  Txt (118.65 KB) Additional Information: full citation, abstract, cite

Bibliometrics: Downloads (6 Weeks): 1, Downloads (12 Months): 4, Citation C

This memo describes several examples of applications requiring authori:  
described in terms of a consistent framework, and specific authorization  
application are given. This material was not contributed ...

7 SPV: secure path vector routing for securing BGP

 Yih-Chun Hu, Adrian Perrig, Marvin Sirbu

August 2004 SIGCOMM '04: Proceedings of the 2004 conference on Applic  
architectures, and protocols for computer communications

Publisher: ACM

Full text available:  Pdf (236.82 KB) Additional Information: full citation, abstract, ref

Bibliometrics: Downloads (6 Weeks): 30, Downloads (12 Months): 105, Citation

As our economy and critical infrastructure increasingly relies on the Internet, the underlying border gateway routing protocol (BGP) stands out as the misconfigurations and attacks have demonstrated the brittleness ...

**Keywords:** BGP, Border Gateway Protocol, interdomain routing, routing

Also published in:

August 2004 SIGCOMM Computer Communication Review Volume 34 Issue

## 8 [Internet Security Glossary](#)

R. Shirey

May 2000 Internet Security Glossary

Publisher: RFC Editor

Full text available:  Pdf (489.29 KB) Additional Information: [full citation](#), [abstract](#), [cite](#)

Bibliometrics: Downloads (6 Weeks): 21, Downloads (12 Months): 82, Citation

This Glossary (191 pages of definitions and 13 pages of references) provides explanations, and recommendations for use of information system security intent is to improve the comprehensibility of writing that deals with ...

## 9 [DASS - Distributed Authentication Security Service](#)

C. Kaufman

September 1993 DASS - Distributed Authentication Security Service

Publisher: RFC Editor

Full text available:  Pdf (287.81 KB) Additional Information: [full citation](#)

Bibliometrics: Downloads (6 Weeks): 1, Downloads (12 Months): 11, Citation

## 10 [Non-delegatable authorities in capability systems](#)

Toby Murray, Duncan Grove

December 2008 Journal of Computer Security Volume 16 Issue 6

Publisher: IOS Press

Additional Information: [full citation](#), [abstract](#)

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citation

We present a novel technique, known as the non-delegatable authority, to unconfined subjects in capability systems that prevents the same authority that they have been given with anyone else. This ...

**Keywords:** Controlling delegation, capability systems, identity-based security

## 11 [A delegation framework for federated identity management](#)

Hidehito Gomi, Makoto Hatakeyama, Shigeru Hosono, Satoru Fujita

November 2005 DIM '05: Proceedings of the 2005 workshop on Digital identity

Publisher: ACM

Full text available:  Pdf (249.06 KB) Additional Information: [full citation](#), [abstract](#), [refs](#)

Bibliometrics: Downloads (6 Weeks): 20, Downloads (12 Months): 159, Citation

Identity federation is a powerful scheme that links accounts of users me different business partners. The concept of network identity is a driver f automation of Web Services on the Internet for users on their behalf ...

Keywords: access control, delegation, identity federation, privilege, rol

## 12 Wireless identification -- privacy and security

A. Soppera, T. Burbridge

October 2005 BT Technology Journal , Volume 23 Issue 4

Publisher: Kluwer Academic Publishers

Additional Information: [full citation](#), [abstract](#), [references](#), [index terms](#)

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citation

The government has plans for electronic ID cards, passports and vehicle industry, smartcards, intelligent tickets, RFID and active tags are increa cost. Technology that was not originally designed for identification ...

## 13 Authorization in trust management: Features and foundations

 Peter C. Chapin, Christian Skalka, X. Sean Wang

August 2008 Computing Surveys (CSUR) , Volume 40 Issue 3

Publisher: ACM

Full text available:  Pdf (446.37 KB) Additional Information: [full citation](#), [abstract](#), [refe](#)

Bibliometrics: Downloads (6 Weeks): 157, Downloads (12 Months): 617, Citati

Trust management systems are frameworks for authorization in moderr allowing remotely accessible resources to be protected by providers. By specify policy, and access requesters to possess certain access rights, ..

Keywords: Distributed authorization, trust management systems

## 14 Generic Security Service Application Program Interface Version 2. U

J. Linn

January 2000 Generic Security Service Application Program Interface Versio

Publisher: RFC Editor

Full text available:  Txt (229.42 KB) Additional Information: [full citation](#), [abstract](#), [cite](#)

Bibliometrics: Downloads (6 Weeks): 0, Downloads (12 Months): 2, Citation C

The Generic Security Service Application Program Interface (GSS-API), [RFC-2078], provides security services to callers in a generic fashion, su underlying mechanisms and technologies and hence allowing ...

## 15 Network File System (NFS) version 4 Protocol

S. Shepler, B. Callaghan, D. Robinson, R. Thurlow, C. Seame, M. Eisler, D.

April 2003 Network File System (NFS) version 4 Protocol

Publisher: RFC Editor

Full text available:  Txt (600.99 KB) Additional Information: [full citation](#), [abstract](#), [cite](#)

Bibliometrics: Downloads (6 Weeks): 3, Downloads (12 Months): 23, Citation C

The Network File System (NFS) version 4 is a distributed filesystem protocol to NFS protocol version 2, RFC 1094, and version 3, RFC 1813. Unlike version 4 protocol supports traditional file access while ...

16 [Handle System Protocol \(ver 2.1\) Specification](#)

S. Sun, S. Reilly, L. Lannom, J. Petrone

November 2003 Handle System Protocol (ver 2.1) Specification

Publisher: RFC Editor

Full text available:  [Txt](#) (124.38 KB) Additional Information: [full citation](#), [abstract](#)

Bibliometrics: Downloads (6 Weeks): 0, Downloads (12 Months): 2, Citation C

The Handle System is a general-purpose global name service that allows resolution and administration over the public Internet. This document describes client software to access the Handle System for both handle resolution

17 [Trust on the world wide web: a survey](#)

Jennifer Golbeck

January 2006 Foundations and Trends in Web Science, Volume 1 Issue 2

Publisher: Now Publishers Inc.

Additional Information: [full citation](#), [abstract](#), [references](#), [index terms](#)

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citation C

The success of the Web is based largely on its open, decentralized nature. This allows for a wide range of perspectives and intentions. Trust is required to filter the abundance of information and to filter the abundance of information. ...

18 [A secure privacy-preserving roaming protocol based on hierarchical encryption for mobile networks](#)

Zhiguo Wan, Kui Ren, Bart Preneel

March 2008 WiSec '08: Proceedings of the first ACM conference on Wireless Security

Publisher: ACM

Full text available:  [Pdf](#) (241.81 KB) Additional Information: [full citation](#), [abstract](#), [references](#)

Bibliometrics: Downloads (6 Weeks): 28, Downloads (12 Months): 201, Citation C

Roaming services in wireless networks provide people with preferable flexibility. However, such advantages should be offered with both security and privacy consideration on privacy protection during roaming in wireless networks

Keywords: mobile networks, privacy, roaming protocols

19 [Generic Security Service Application Program Interface, Version 2](#)

J. Linn

January 1997 Generic Security Service Application Program Interface, Version 2

Publisher: RFC Editor

Full text available:  [Txt](#) (185.99 KB) Additional Information: [full citation](#), [abstract](#), [citations](#)

Bibliometrics: Downloads (6 Weeks): 0, Downloads (12 Months): 6, Citation C

The Generic Security Service Application Program Interface (GSS-API), provides security services to callers in a generic fashion, supportable with mechanisms and technologies and hence allowing source-level ...

20 [A network access control approach based on the AAA architecture and attributes](#)

Gabriel López, Oscar Cánovas, Antonio F. Gómez, Jesús D. Jiménez, Rafael August 2007 *Journal of Network and Computer Applications*, Volume 30 Publisher: Academic Press Ltd.

Additional Information: [full citation](#), [abstract](#), [references](#), [index terms](#)

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citations

Network access control mechanisms constitute an increasingly needed service as communications are becoming more and more ubiquitous thanks to some wireless networks or Mobile IP. This paper presents a particular scenario

**Keywords:** Access control, Attributes, Authorization, SAML, XACML
